

JUNE HAWK-FRANKLIN GARDEN OF MEDITATION AND HEALING

The June Hawk-Franklin Garden of Meditation and Healing is part of the therapeutic environment of the Cancer Resource Centre which promotes the healing of body, mind and spirit with complementary therapies, education and support services. The Centre's free support services help patients with cancer and their loved ones better manage their stress, relax and regain control of their health, and their lives.

Dedication bricks are available for purchase and are placed in the June Hawk-Franklin Garden of Meditation and Healing twice a year. For Spring placement in the garden by mid-May, orders must be received by February 1. For Fall placement in the garden by mid-October, orders must be received by July 1.
